

Droitwich Inter-Club League Results 2011

The first ever Droitwich Inter-Club Ladies League Final took place between Evesham and Droitwich and was held at North Worcestershire Golf Club in 1984. A handicap limit of 24 was set and initially ten golf clubs accepted an invitation to join the league. By 1998 sixteen clubs participated and in 2003 the number of clubs expanded to twenty four. This has necessitated four sections with semi-finals prior to the final.

A draw of the twenty four clubs is made every two years and each club in the League plays in one of the four divisions against their opponents. Matches are played both home and away in alternate years. It begins with five matches which take place between April and June, consisting of a team of five players.

The semi-finalists for 2010 included Kidderminster, Sapey, Churchill & Blakedown and ourselves. We were, unfortunately, knocked out in our semi-final match and the final teams were Kidderminster vs. Sapey, with Sapey being the 2010 winners.
